

Make a Collage Story

You will need: paper, pencils, magazines/construction paper, scissors, and glue sticks

You can make your very own “collage story” artwork! Just follow these steps:

1. Pick a setting to draw. This can be an interior scene of a room in a house like a kitchen or a scene from the outdoors like on a hiking trail or a beach.
2. Pick a number of people to draw in the setting. You can even draw only one person if you'd like.
3. Pick an action that the person is doing in the setting. Are they walking? Talking? Eating? Draw objects that will help others know what the person or people are doing.
4. Keep your collage simple. Use only four or five colors. Cut out pieces of paper and glue them down on top of your drawing. Use your drawing as a guide for placing the pieces of paper. Cover the entire page with color.
5. When your collage is complete, have one of your classmates guess your collage story. Could they guess it? What was their collage story?
